Projects

Feedback Dashboard | MERN Stack June 2025 - Present

- Built a full-stack feedback platform using the MERN stack to collect and manage user inputs such as name, email, rating, message, and feedback type.
- Developed secure RESTful APIs and optimized database schemas for efficient data storage and retrieval in MongoDB.
- Created a responsive frontend ensuring smooth user experience with real-time submission and retrieval capabilities
- **Project Link:** <https://feedback-dashboard-8.onrender.com/>

UniMarket | MERN Stack, Responsive Web Application Feb 2025 – May 2025

- Developed a responsive marketplace platform enabling university students to buy, sell, and exchange second-hand products easily.
- Collaborated with cross-functional teams to optimize UI/UX design, database performance, and backend API efficiency for seamless commerce.
- Delivered a scalable, eco-friendly peer-to-peer trading solution with secure transaction processing and live updates.
- **GitHub Repo Link:** <https://github.com/sonu12221719/UniMarket>

Internship

Full Stack Web Developer Using MERN June 2024 - July 2024

Cipher School

- Completed a MERN stack internship at Cipher School, building a full-stack food delivery application from scratch.
- Designed and developed a dynamic food delivery platform, implementing real-time order tracking and a seamless user experience.
- Gained hands-on expertise in MongoDB, Express.js, React.js, and Node.js, creating a scalable and responsive web application.

Certifications

Hack AI Hackathon Participant Feb 2025

Certificate Link: <https://drive.google.com/file/Certificate>

Full Stack Web Development Aug 2022

Cipher School: <https://www.cipherschools.com/certificate>

Technical Skills

- **Languages:** C++, Java, JavaScript
- **Frontend:** HTML5 and CSS3, Bootstrap, React
- **Backend:** Express.js, REST APIs
- **Runtime Environment:** Node.js
- **Databases:** MySQL, NoSQL(MongoDB)
- **Other:** Git, GitHub, Figma, Agile
- **Soft skills:** Problem-solving, Team collaboration

Education

Lovely Professional University Since 2022 - Present

Bachelors in Computer Science and Engineering — CGPA: 7.12 Phagwara, Punjab

Guru Gobind Singh Public School 2020 - 2022

12th with Science — Percentage: 80.6% Bokaro, Jharkhand

Sant Pathik Vidya Vihar 2018 - 2020

10th — Percentage: 86% Bhagalpur, Bihar
